

Softball Meeting Notes

3/13/2008

Attendees – Mike Carson, Chris Thompson, Mary Jo Phelps, Bob Hayden, Mike Nelson, Chris Mazzeo, Kelly Lacasse, Lane Mabbet, Matt White, Dave Couture, Brian White, Ted Ryan

Rules:

After bringing the 11" vs 12" ball to the Souhegan Valley towns, it was voted on and decided that the minor leagues would continue to use a 12" ball for this year.

Other items:

Still working with Dick Albert to host a coaches clinic sometime in early April
Field cleanup day is now scheduled for Jacques field on Saturday April 5th.
35 new helmets have been ordered for instructional and minors.
Still need to place order for new bats.

Fields and Dugouts:

Because Keyes field never really froze over the winter, we will not be able to get a cement truck out to Keyes North in March for the dugouts. It is starting to look like we may only have a small window of opportunity between the high school season and our end of June tournament to get the dugouts done.

Evaluations:

The balance of the meeting was used to discuss the details of the evaluations scheduled for 3/15.

Next Meeting: TBD, Location TBD.
